Dear Scott,,

BURLINGTON
PERMITTING & INSPECTIONS

We rent out our apartment year round on nights we are able to in order to make enough money to comfortably afford our mortgage on this property. We purchased it for \$565,000 in 2018 and currently pay \$3,500 per month for a mortgage.

We bought this property because we knew it would only be possible with a STR. Thus, without this STR, we will likely be forced to sell the property as we can't justify owning it economically.

Guests are told to arrive after 4 pm and to avoid late arrivals if possible. They leave at 10 am.

Sincerely,

Ellis McArdle & Jamie Sharpe
